

Trade Association Membership 2020

Our Reckitt Values

We exist to protect, heal and nurture in the relentless pursuit of a cleaner and healthier world. Our compass sets out the new values and behaviours for our business. At its heart is the goal of always doing the right thing with clear principles around putting consumers and people first, seeking out new opportunities, striving for excellence and building a culture of shared success. Our compass will guide us to sustainable growth in the future.

Reckitt's Code of Conduct ensures that employees and contractors across the Group have a clear understanding of the principles and ethical values that Reckitt promotes.

As a company, we are committed to carrying out business in accordance with the highest ethical standards. This includes complying with all applicable laws in the countries in which we operate.

Political Donations

During the year, the company and its subsidiaries did not make any political donations or incur any expenditure, nor were any contemplated. In keeping with previous practice, at the forthcoming AGM shareholders will be asked in accordance with s366 and s376 of CA 2006 to approve, on a precautionary basis, for the company and its subsidiaries to make political donations and incur political expenditure for the period ending 31 December 2021. Reckitt publicly discloses this information in the 2020 Annual Report, page 160 and in the Responsible Advocacy Policy page 4, Section 7, Political Activity <https://www.reckitt.com/media/8950/rb-advocacy-policy-10-december-2018.pdf>. This policy introduced a prohibition against political donations being made by Reckitt; thereby resulting in further amendments to the Reckitt Code of Conduct and Anti-bribery policy being required.

Trade Association Memberships

We are a member of health, hygiene, home and nutrition (including the Infant and Child Nutrition business) focused trade associations across the globe. Reckitt's membership is annually reviewed (by our Group Ethics & Compliance department) and published as part of our Sustainability reporting and on our website (including total related global expenditure).
